

# Top 100 Wines of 2021

by JEB DUNNUCK

DECEMBER 2, 2021

The below list is a selection of the top wines tasted over the past 12 months and reviewed at [JebDunnuck.com](http://JebDunnuck.com). The selection is based on a combination of **quality, value, availability**, and a little bit of **Wow Factor**. It was made by scrolling through thousands of reviews and painstakingly cutting the list to these 100 wines.

## JEB DUNNUCK TOP 10

The list is not a grouping of the top-rated new releases and contains wines – and producers – who merit special attention. While we try to select wines currently available in the market, that’s not always possible. Every producer on this list is worth your time and money. If a wine

on this list is not available, by all means, try a different wine from the same producer. At a minimum, keep that producer on your radar for the future. Prices are either from release prices from the estates or pulled from average retail prices in the United States. As with all Top 100 lists, this is an entirely subjective endeavor and almost every wine on this list could be replaced with a different wine. Nevertheless, these are the most exciting wines at [JebDunnuck.com](http://JebDunnuck.com) for 2021!
